

Council of Interstate Testing Agencies 2018 Dental Hygiene Facility Fees and Staffing Fees

It is important to read the online facility information which includes instrument and sterilization details.

The following fees are charged by the testing facility, with the exception of staffing fees which are collected by CITA on behalf of the testing site. ***Fees MUST be paid online at the time of registration.*** Candidates who are testing at their own school may have these fees assessed just after the 60 day deadline. It is the candidate's responsibility to pay these fees prior to the 30 day deadline. **A \$200.00 ADMINISTRATIVE FEE IS CHARGED FOR APPLICATION CORRECTIONS MADE AFTER PAYMENT HAS BEEN MADE.** Please contact the CITA office with questions.

CITA staffing fees are required for the hygiene exam at UAB and UNC. These fees are for hired staff for the administration of the examination.
